

The Delegation of Kenya

THE FLAG AND SHIELD

The flag represents the people of Kenya.

The Kenyan flag comprises symbols of unity, peace and defense.

Black represents the people,

Red represents the sacrifice and the blood shed during independence,

Green represents life and natural wealth.

White represents peace, purity and innocence.

Spears symbolize unity and defense for freedom.

The Delegation of Colombia

OUR LADY OF THE ROSARY OF CHIQUINQUIRÁ

Our Lady of the Rosary of Chiquinquirá is the Patroness of Colombia. She is venerated in the Basilica of Chiquinquirá by our Dominican Brothers.

‘We, the Delegation of Colombia have her as a Symbol for our Mission and our apostolates among our people.

She is our hope and company in these difficult situations and gives us protection and confidence for the future of our Delegation.’

The Zambian Region

A TYPICAL AFRICAN VILLAGE

‘There's always a richness, a depth of meaning on the value of family, the value of community, when explained in the context of a typical African village. It draws us to the basics of strong family ties, communal spirit, great love and concern among the members and all who are close to them.

This is the symbol we bring as the Zambian Region as an aspiration and prayer for all our communities, institutions, Regions/Delegations and especially this Chapter body; so that as we are called in the name of Jesus, we may praise, bless and preach by our life and mission. For this grace we pray.’

The German Region

A LOAF OF GERMAN BREAD

‘The bread made of many grains. It represents the Sisters of the German Region. Many grains-one loaf-one body
Grains crushed- kneaded-moulded-baked-
broken and shared.

People like to come to Strahlfeld, the atmosphere is peaceful, it renews them, it heals them and they encounter the presence of God.

Haus der Begegnung is a real house of encountering God.

One bread-broken and shared-one Lord.’

The Region of Zimbabwe

A CARVING OF AN AFRICAN WOMAN AND A SHADY TREE

‘This woman represents our

Zimbabwean Region in many ways with her many-faceted involvements.

She does not look overburdened, although she carries a load of firewood on her head, a hungry crying baby on her back and at the same time preparing the next meal for the family. What gives women the strength and ability is shown in her kneeling position. She is

grounded in God from whom she draws her love for the family. Her face shows determination and resilience.

There are many different trees in Zimbabwe, giving shade and during all seasons of the year something is blossoming. When the first rain falls, one can

literally see the grass grow and this is always a sign of hope.’

The English Delegation

A GLOBE AND TORCH

The Globe represents Continents of the world where we are present i.e. Latin America, Europe and Africa ‘united and bonded in love’.

We remember, support and pray for one another.

The torch represents Christ who guides and Missions our Congregation.
